

FHCi & FHCiA

Development of Membership-Based Platform for FHCi & FHCiA

Free and Healthy Children International (FHCi) and Free and Healthy Communities International Association of Practitioners (FHCiA) are organizations dedicated to promoting access to Homeoprophylaxis (HP).

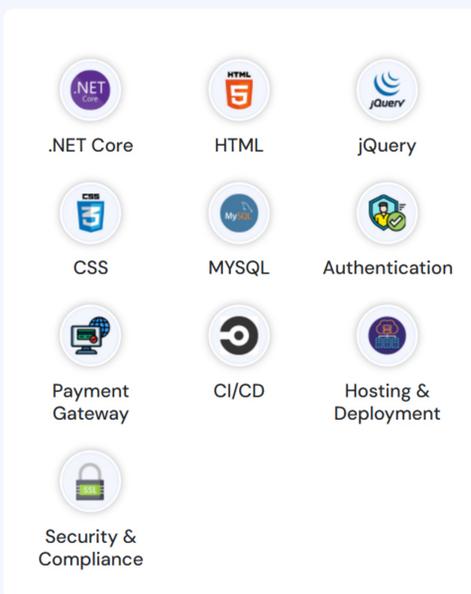

FHCi operates as a nonprofit, providing education and access to HP for families and individuals.

FHCiA functions as a Private Membership Association (PMA), supporting practitioners certified by FHCi in delivering HP programs.

Technology Stack

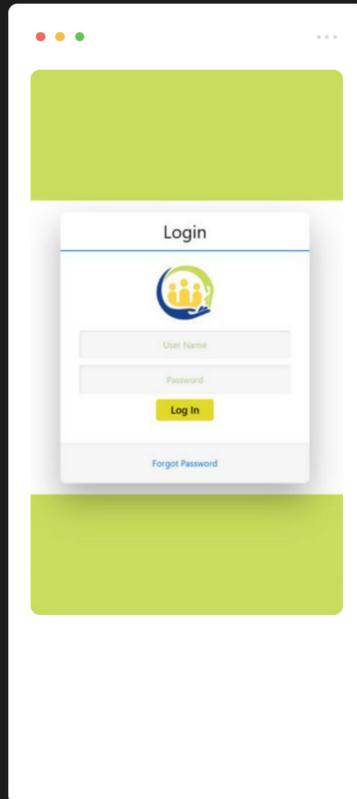

To ensure scalability, security, and high performance, the following technology stack was used

Challenges & Requirements

FHCi and FHCiA required a membership-based digital platform that would:

- Educate & Engage**
Provide comprehensive information about Homeoprophylaxis through public content, educational videos, and newsletters.
- Facilitate Membership Registration**
Allow families and individuals to enroll as Patron Members with a one-time membership fee.
- Certify Practitioners**
Guide prospective practitioners through training, registration, and certification.
- Enable Practitioner Access**
Provide an exclusive portal for certified practitioners to access course materials and manage their clients.
- Streamline Payments & Donations**
Integrate payment solutions for membership fees, course registrations, and donations.

Solution Implemented

To address these requirements, a custom membership-based website was designed and developed with the following key features

- Public Content & Educational Resources**
 - Introduction to Homeoprophylaxis with informative videos
 - Details of HP programs for families and individuals
 - Subscription-based 6-month educational newsletter
 - Donation page with a secure payment gateway
- Membership Registration for Families & Individuals**
 - Online registration with a one-time membership fee
 - Secure member login portal to access exclusive resources
 - Membership dashboard for ongoing updates
- Practitioner Certification & Training Portal**
 - Step-by-step certification process based on education levels
 - Registration & payment portal for course fees
 - Secure practitioner login with access to training materials
 - Course schedules and progress tracking
- Secure Payment Integration**
 - One-time membership fees and course payments
 - Subscription-based payments for educational resources
 - Donation system to support the nonprofit initiatives
- User-Friendly & Scalable Platform**
 - Mobile-responsive design for accessibility
 - Role-based access control for different user types
 - Secure data management for compliance and privacy

Results & Impact

Our team is a melting pot of diverse expertise and skills. From seasoned industry to young talents, member brings a unique set of experiences

- Increased Memberships**
Streamlined onboarding for families and practitioners led to a 20% increase in Patron Memberships within the first three months.
- Enhanced Educational Outreach**
The integrated newsletter and educational content resulted in a higher engagement rate among new users.
- Improved Practitioner Engagement**
The certification process saw a 35% faster enrollment rate due to a seamless online registration system.
- Secure & Scalable Infrastructure**
The platform is designed for long-term scalability, ensuring future growth without performance issues.
